#336110 GRAPHITE RADIO PLATE - V2

The NT1 - 2009 conversion set does not include the new #336110 Graphite Radio Plate - V2 as only a small modification is required. The radio plate was updated to fit the new updated belt tensioner and belt tensioner mount. Follow these steps to make the modification on your standard graphite radio plate:

Trim the corner of the radio plate as shown in the picture.

DETAIL

The cut-out should be 23mm long and have the profile as shown.

23mm
