ALU QUICK ROLL-CENTER HOLDER™ 4.9MM - H1 + H2

New 4.9mm alu quick roll-center holders allows you to make the upper linkage longer in either front or rear suspension of all T2- or T3-based cars. Includes a pair of roll centers marked H1 and H2.

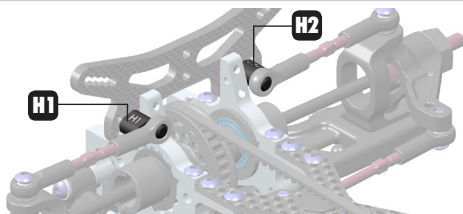

2x

**SYMBOL H1, H2 ORIENTED
ALWAYS UPWARDS**

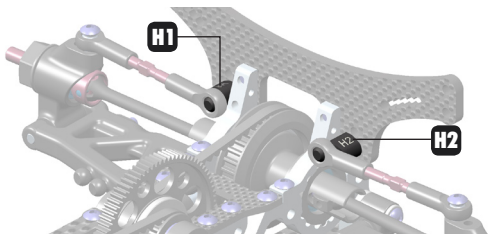

FRONT

Using the H roll-center holders in the front makes the car turn easier. Recommended for high-traction carpet tracks because it decreases corner steering and help prevent traction rolling.

REAR

Using the H roll-center holders in the rear increases corner-exit steering and cornering speed.
