Legendary XRAY premium design, workmanship & material quality, and unmatched attention to detail result in a state of perfection achieved by well thought-out refinements to create a car that is easy to drive, work on, and adjust. From unique HUDY Spring Steel™, through the world's strongest Swiss 7075 T6 aluminum, along with XRAY's own secret composite materials, to premium high-grade graphite materials... everything is exclusive and premium on the X1. Using premium European exclusive materials crafted by XRAY's engineering artists using state-of-the-art German, Italian, and Swiss CNC machines, the X1 is born from the finest the world has to offer.

All parts are purpose-designed and manufactured by XRAY from premium materials including legendary HudY Spring Steel™, premium Swiss 7075 T6 aluminum, high-grade custom-formulated graphite material, and our own blends of composite materials. Everything on the X1 is premium with maximum attention to detail, so all parts fit and work perfectly together.

**Elegant in its simplicity and effectiveness, the X1 is set to become the new standard in 1/10 Formula racing.**
